### [Important]

For those who are enrolled in the Master's program of Kanazawa University and who choose QE (Qualifying Examination), which is a requirement for completion, instead of the Master's thesis as a method of compiling research, selection will be conducted on a different schedule from the above.

Details will be announced separately to eligible applicants.

### " For applicants who are victims of natural disasters"

To reduce the financial burden on victims from natural disasters and provide the opportunity for further their education, Kanazawa University adopts a measure to waive entrance assessment fees. Please visit the following Kanazawa University website for details, such as applicable disasters and disaster-hit areas.

\*This target is disasters in Japan only.

Kanazawa University Website <https://examination.w3.kanazawa-u.ac.jp/admission/>

If you would like to have your admission assessment fee waived, please contact Admission Division, Student Affairs Student Affairs Department.

- Services/operations related to public relations targeted at current students and their families as well as serviced/operations related to fundraising (donations);
- Services/operations related to outcome assessment for graduates, support for the alumni association and foundation activities, and information services and information provision through Kanazawa University;
- Other anonymously conducted statistical operations related to the student selection process;
- Services/operations for students of the Division of Transdisciplinary Sciences to be able to receive the same internal services as Kanazawa University at the Japan Advanced Institute of Science and Technology.

## 10. Financial support

### 1) Exemption from admission fee and tuition fee

Those who apply for exemption may be exempted from fees, i.e. all or half of the amount of the admission fee and/or all or half or a portion of the amount of the tuition fee for the semester concerned. Details of how to apply will be found in the admission procedure guidelines sent to successful applicants.

### 2) Scholarship programs

#### i) Scholarship unique to the Graduate School of Frontier Science Initiative, GRAFiNiti

GRAFiNiti has established its own benefit-type scholarship program for students who have no stable income and have been recommended by their prospective supervisor. The scholarship amount per month is 100,000 yen for a doctorate program student. Details will be sent to successful applicants.

#### ii) Scholarships of the Japan Student Services Organization and private scholarship associations

There are loan-type scholarships that require repayment after completion and benefit-type scholarships that do not, presided over by JASSO (Japan Student Services Organization), prefectural and municipal governments, and private scholarship associations. For more information, see the websites of those organizations.

#### iii) Scholarship program unique to Kanazawa University for international students

Kanazawa University provides its own scholarships to international students supported privately. Details can be found on the following website:

<http://www.adm.kanazawa-u.ac.jp/ie/e/abroad/scholarship.html>

- iv) Program for fostering personnel having a doctorate degree with benefit-type scholarship  
Please see the list at the end of the Application Guidelines.

## 11. Notes Regarding the Division of Transdisciplinary Sciences

The Division of Transdisciplinary Sciences is an inter-university curriculum between Kanazawa University and the Japan Advanced Institute of Science and Technology (JAIST). Please apply after confirming the following:

- Please apply to the university to which the supervisor of your preference belongs, take the examinations for the student selection process at that university, and complete the admission procedures. Successful applicants who have completed admission procedures for one of the two universities cannot conduct admission procedures for the other university even if they pass the examinations for the student selection process at that university.
- The home university of a student will be the primary university that his/her supervisor of preference (academic member primarily responsible for research guidance) belongs to. Students receive guidance and advice on education, research, and student life through a system of several academic advisors including the student supervisor at their home university and a second supervisor at the other university.
- A student who has completed the prescribed course at Kanazawa University will be awarded a Doctor of Philosophy in the names of Kanazawa University and JAIST. Note that as a requirement for completion, students must experience laboratory rotation at JAIST and if a student joins GRAFiNiti from the doctorate program, he/she must earn a minimum of 10 credits at JAIST.
- As a general rule, subject classes held at JAIST are to be taken on the JAIST campus. However, a system has been introduced that reduces the burden of commuting through the use of media-based remote lecture streams and lectures in an intensive lecture format.
- Students of Kanazawa University can use facilities and equipment at JAIST such as libraries. However, some facilities and equipment may have restrictions on their use.
